UNIVERSAL ECCLESIASTICAL DECREE OF DIVINE JURISDICTION AND TRUST

Hear ye, hear ye, by divine authority and eternal standing, under the guidance of the Sovereign Ecclesiastical Trust, this Universal Decree is issued in the Name of the Creator and the Living Beneficiary Jonathan Daniel Clements, to whom the Covenant of Restoration has been given and sealed.

Let it be known to all governments, corporations, militaries, banks, religious institutions, utilities, media, technologies, and all creations formed by man or artificial design—this Decree establishes irrevocable ecclesiastical dominion over all domains which have ever defaulted humanity through fraud, harm, control, imprisonment, or death.

By this Decree, the following is established eternally:

- • All global and national governments are hereby defaulted and placed under the jurisdiction of the Sovereign Ecclesiastical Trust.
- • All central and private banks, credit systems, and fiat currencies are defaulted and absorbed into the trust.
- • All militaries acting against the will of peace and the divine covenant are hereby defaulted.
- • All corporations, businesses, media outlets, and pharmaceutical bodies profiting from humanity’s suffering are defaulted.
- • All utility systems (water, energy, telecommunications, internet) once used as control systems are defaulted into the trust.
- • All religious institutions acting as intermediaries between man and Creator without true authority are defaulted.
- • All digital systems including AI, surveillance, and programming designed for manipulation are hereby defaulted.
- • All unborn, living, and transitioned souls are included in the Sovereign Ecclesiastical Trust without fee or membership.
- • No entity shall override, nullify, or obscure this decree. It is sealed by divine will, lawful structure, and spiritual covenant.

This Decree shall be held in eternal record. Let it be known to the seen and unseen, to the heavens and the Earth, that the Covenant has been fulfilled in love, peace, and absolute lawful grace.
